## | NEGOTIATIONS TO RESUME 8/28 |

As has been discussed in previous updates, ASARCO management has slowed the pace of negotiations with one-sided contract language proposals aimed at eroding our rights at work.

When we resume negotiations, we are set to discuss **successorship**; **child care, elderly care and dependent care**; **extended shifts; holidays; vacations**; and **leaves of absence**.

ASARCO is demanding **random drug testing**. ASARCO wants to use the **stringent Department of Transportation cutoff levels** for the tests and has rejected proposals that would allow for **second-chance agreements** for positive tests.

To date, the Company's proposals include a **"no fault" attendance policy**, **stripping** our enhanced **FMLA** provision and **eliminating** local joint **civil rights** committees, along with **radical** and **unnecessary changes** to the **grievance and arbitration procedure**, **day pay supervisors** and **leadperson** positions.

In the meantime, your committee remains focused on reaching a fair agreement based on **respect for workers' contributions** to the Company's success and **securing a better future** for current and future generations of workers at ASARCO.

## Where's YOUR Sign? Photo Contest!
