

Candlelight Vigil

for families impacted by the unfair labor practice strike at Husky Lima Refining

WHEN: Sunday, September 16th at 7:00 PM

WHERE: Meet at the Union Hall, located at
4580 South Dixie Highway in Lima, OH

Members of United Steelworkers Local 624 work around the clock on rotating 12-hour shifts, and often work on holidays, weekends, and even on scheduled days off. But Husky wants to eliminate a longstanding compromise that allowed workers to trade shifts and gave employees the ability to see their families and attend their children's events.

The company has been combative and unreasonable, forcing the union to file 35 unfair labor practice allegations with the National Labor Relations Board.

Members of USW Local 624 want to return to work. But not at the expense of their families and their dignity, and not under the terms of a one-sided labor agreement.

Join us on September 16
and tell Husky that it's time
for a fair deal.
